### DISCLAIMER

This presentation contains certain forward-looking statements concerning Danone. In some cases, you can identify these forward-looking statements by forward-looking words, such as "estimate", "expect", "anticipate", "project", "plan", "intend", "objective", "believe", "forecast", "guidance", "outlook", "foresee", "likely", "may", "should", "goal", "target", "might", "will", "could", "predict", "continue", "convinced" and "confident," the negative or plural of these words and other comparable terminology. Forward looking statements in this document include, but are not limited to, predictions of future activities, operations, direction, performance and results of Danone.

Although Danone believes its expectations are based on reasonable assumptions, these forward-looking statements are subject to numerous risks and uncertainties, which could cause actual results to differ materially from those anticipated in these forward-looking statements. For a description of these risks and uncertainties, please refer to the "Risk Factor" section of Danone's Universal Registration Document (the current version of which is available on www.danone.com).

Subject to regulatory requirements, Danone does not undertake to publicly update or revise any of these forward-looking statements. This document does not constitute an offer to sell, or a solicitation of an offer to buy Danone securities.

All references in this presentation to Like-for-like (LFL) changes and recurring operating margin correspond to financial indicators not defined in IFRS. Please refer to the financial press releases issued by the Company for further details on IAS29 (Financial reporting in hyperinflationary economies), the definitions and reconciliation with financial statements of financial indicators not defined in IFRS.

Due to rounding, the sum of values presented in this presentation may differ from totals as reported. Such differences are not material.
